† Bought before this period. Its whole result counts here. Results are after trading costs.

One continuous record
No reset at a period's start. A position held across it is valued at that day's close.

Buy and hold
A third in each coin on the first day, then left alone. Alpha and beta are measured against it.

Return, risk, wins and losses
Daily closing values, after trading costs. Wins and losses: the trades closed in the period.

The record
ABC's rules applied to real market prices. Live trading began on 16 November 2026.
